

BLADES WITH CURVED ENDS

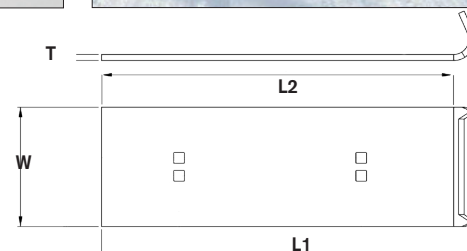

Technical data
Thickness: 10-12 mm
Width: 200 mm
Length: 625-1335 mm
Hole spacing: 305 mm
BOROX® 500HB

BOROX® blades with curved ends.

The curved end protects the outer side against strains from the pavement.

For a simpler handling and mounting we recommend adapter plates with wedge bolts and wedges.

Article	Dimension				
	Width (W) mm	Thickness (T) mm	Length (L1) mm	Length (L2) mm	Holes
1112625	200	10	625	-	2 x 2
